Creating a passkey

To create a passkey for your Microsoft account, follow these steps on the device for which you'd like to create a passkey:

1. Sign in to your Microsoft account **Advanced Security Options** at
https://account.live.com/proofs/manage
Sign in

2. Choose **Add a new way to sign in or verify**.

3. Select **Face, Fingerprint, PIN, or Security Key**.

4. Follow the instructions on your device.
